EXPERIENCE

FRONTEND DEVELOPER

Simmi Foundation   2022 - 2023

- Demonstrated proficiency in developing the frontend of Simmi Foundation's official website, including dynamic pages for both admin panel and user panel, using various technologies such as React.js, Bootstrap 5, and CSS
- Designed and implemented the frontend of Simmi Foundation's website, utilizing React.js and other technologies
- Created an intuitive and user-friendly interface for Simmi Foundation's website, improving the overall user experience

FRONTEND DEVELOPER

TWO WAITS

- Completed a four-week internship, where I created UI using Bootstrap 5 and CSS, and different frameworks.
- Built a gym website from scratch

PROJECTS

- **E-commerce Website**: Full-stack web app with payment options, authentication, password encryption, and separate admin and user dashboard.
- **Instagram Bot**: Bot for liking posts, following and unfollowing users, and storing data in Firebase (database).
- **HTML Canvas Game**: Simple 2D shooting game to enhance JavaScript and CSS skills.
- **Short News**: REACT-based news app that uses APIs to fetch news.
- **To-Do App**: Simple notes/TO-DO app built on React.js with authentication features and proper CRUD MERN stack web application.
